Benefit from the longest retail experience in fixings.

The latest generation of VUSION Rails protects labels without any mechanical stress and is fully compatible with Easylock.

Adaptable to most of shelves and gondolas, VUSION Rails are easy to implement in-store thanks to a large range of rear clip parts.

Remove and reposition ESLs faster than ever with the VUSION Unlocking Tool. Rails can also be protected with a transparent cover and end caps which also gives a smooth look to shelves.
